## **Professional Development:**

Chief Medical Officer, Humboldt IPA (August 2019 to present): Responsible for clinical leadership of community collaboratives including the Perinatal Substance Use Disorder initiative, RxSafeHumboldt, the county Jail MAT expansion project, and the School Based Health Center pilot project. Utilization management for contracted managed care plans.

California Maternal Quality Care Collaborative (February 2019 to present): current member of the Mother/Baby Substance Exposure Initiative Task Force to create recommendations and a tool kit for California hospitals to address the issues surrounding perinatal substance use and neonatal abstinence syndrome.

California Society of Addiction Medicine, Policy Committee( 2017 to present): responsible for reviewing and providing feedback on all proposed state legislature bills that relate to substance addiction/substance use.

Opioid Response Network/STR-TA [UCLA] (August 2018 to present): lead medical consultant, provide consultation on a variety SUD and MAT related topics regionally.

Physician, Humboldt IPA (August 2018 to present): responsible for direct patient care and development of SUD treatment program.

Medical Director (CA), Groups: Recover Together (July 2018 to September 2019): Responsible for overseeing California offices.

Director, Integrated Substance Abuse Program, Shasta Community Health Center (June 2017 to July 2018). Development of MAT programs for Opioid Use Disorder and Alcohol Use Disorder integrated into the primary care setting; consulting on complex pain management patients and developing “safer” pain management policies. Training residents and NP/PA fellows in addiction treatment and pain management.

CHCF Health Care Leadership Program (December 2015 to September 2017). Two-year fellowship program focusing on development of leadership skill which addresses health care issues including perspectives of business management and public policy. CHIP Project: “Increasing Access to MAT for OUD in Rural Communities”

NoRxAbuse Steering Committee Member (January 2015 to July 2018). Founding member of Shasta County’s Opioid Safety Coalition. Headed projects to train local providers in MAT, distribute Narcan to local law enforcement, and increase access to Narcan in the community.

Medical Director, Shingletown Medical Center (September 1, 2008 to June 2017). Directly responsible for implementing policies and work flows to achieve and maintain MU and PCMH certification. Manage Quality Improvement Initiatives. Oversee pharmacy and lab services. Precept nurse practitioners and physician assistants. Provide full spectrum primary care and addiction medicine services.

Staff Physician, Shingletown Medical Center (June 2, 2008 to August 31, 2008). Provide preventative, primary care, and urgent care services for a diverse patient population— including pediatric, adult, geriatric and obstetrical patients.

Medical Director, Trinity Community Medical Clinic (June 2006-May 2008). Assess and treat a diverse patient population, providing both primary care and “walk-in” urgent care services.

Staff Physician, Beaver Medical Group, Highland CA (January 2005-June 2006). Inpatient and outpatient care of managed care patients. Served as a physician reviewer to assess medical necessity and cost-effectiveness of patient care.

**Public Education:**

PCSS Waiver Training Instructor (October 2018 to present)

Naloxone Trainings for Law Enforcement, Treatment Programs, and the General Public

**Teaching Experience:**

Precept Family Medicine Residents for Mercy Family Medicine Residency and Shasta Community Medical Center Family Medicine Residency (2014 to present).

Regular speaker for local and regional meetings on safer opioid prescribing, substance abuse, and medication assisted therapy for opiate use disorders (2013 to present).
